ORPHAN GROUP HAS PACT PLAN

"Leaderless" Democrats Would Limit Protection Of Territorial Integrity.

AGREEMENT PREDICTED

Hoke Smith Sees Possibility Of Non-Partisan Compromise Soon.

Senator, King. of Utah, author of a series of fourteen reservations to the peace treaty, and Senator Hoke Smith, of Georgia, held a conference yesterday at the home of the latter, and today Senator King will present his reservations to the Senate. It was intended yesterday to hold a conference of members of the new group in the Senate, known as the "leadwrleas Democrats." They were to have met at Senator Smith's home, but only Senators Chamberlain and Trammell of that group were in the city. So it was decided to await the return to the capital of other Senator Townsend, of Mitcigan, died last night at 8:45 o'clock at her home in the Portland apartments following an illness of sevators.

Income Tax Facts Worth Knowing

Were you one of thousands of persons who last year, with unquestioned honesty of purpose, filed an incorrect income tax return? Are you, or have you been a claimant for refund of taxes overpaid? Have you been called upon by the Bureau of Internal Revenus for payment of amounts lowed the government through inadvertence or omissions in making out your income tax form? To sum it up, have you experienced trouble of any kind in filing your income tax return for 1918? If so, this is written for your benefor the year 1919, It is certain a per-centage of these returns will be in-correct. It is equally certain that the percentage of errors may be largely reduced if taxpayers will acquaint themselves with the income tax pro-visions of the act of February 24, 1919, known as the revenue act of 1918, which provides for the collection of taxes for the year 1919 and subse-quent years.

As an aid to taxpayers there has been prepared with the official ap proval of the Bureau of Internal Reve nue, a series of short articles, of which this is the first, telling how to 1919, when and where to file it, and what to do in case you meet with unusual difficulties. By making note of the information contained therein. it is believed that most of the dif-

married pedsons and heads of fami-lies remaining the same as for 1913. The normal rate for 1913 is 4 per cent on the first \$4,000 of net income above, the exemptions and 8 per cent on the

income from sources within the Unit-ed States are taxed to the full & per cent on the income from such sources.

The surtax rates, which range from per cent on the amount of net in-ome between \$5.000 and \$6,000 to 65 per cent on the amount of income in excess of \$1,000,000 remain unchanged. The tax, as in 1919, may be paid in full at the time of fling the return, or in four installments, the first of which is due on or before March 15, the second on or June 15, the third on or before Soptember 15, and the fourth on or before December 15. The first in-

stallment must accompany the filing of the return. The period for filing is from January 1 to March 15. Heavy penalties are provided for persons who fail or "willfully tefuse" to file their return and pay the tax within the time prescribed. Forms for making returns may be obtained from offices of collectors of internal revenue and deputy collectors, postoffices, and banks. If your in-

come for 1919 was \$5,000 or less, ask for Form 1040A. If it was more than \$5,000 ask for Form 1040. Returns must be filed with the collector of internal Probably the most important change be filed with the conector of lines affecting the average taxpayer is in revenue for the district in which the the normal rate, the exemptions of taxpayer lives or has his principal \$1,000 for single persons and \$2,000 for place of business.
